Stephens Road – Beginning Second Phase of Closure

Warren County - Hamilton Township

(Monday, June 18, 2009)

Lebanon, Ohio – Neil F. Tunison, the Warren County Engineer, and Hamilton Township would like to announce that Stephens Road (CR 158) will now be closed from Hargus Drive to the Village on the Green subdivision. The closure will last about two (2) more weeks for road improvements and maintenance. The closure began on Monday, June 15, 2009 and is scheduled to last until July 6, 2009, weather permitting.

For the third phase of the closure, Stephens Road will be closed from the Village on the Green subdivision to Zoar Road.

John R. Jurgenson is performing the work which includes full-depth pavement repair. This is in preparation for paving next year.

There is potential for two other Stephens Road projects to coincide with construction. One project is the Stephens Road and Zoar Road intersection improvements being funded by Little Miami Schools. The other project is improvements and widening at the entrances to the Providence subdivision.
