## **Who should attend:**

Current field training officers and supervisors who want to develop adaptive critical thinking decision makers in their field training program.

## **Description:**

The Adaptive FTO teaches FTOs (and through FTOs' efforts, the trainee) how to become emotionally aware of trigger points leading to over-reaction. It is a method of recognizing de-escalation before it is time to de-escalate. It also makes for a more empathic officer who understands that not every situation is resolved through enforcement, whether a traffic citation, a summons, or an arrest. The Adaptive FTO's Cognitive Coaching philosophy assists the trainee in retention and learning. The Adaptive FTO will create a developmental framework and tools for training the future of your organization.

You will leave this class as a stronger FTO by learning:

- How Emotional Intelligence creates resilient, compassionate and respectful police officers.
- The Legal and Ethical Decision Making Model.
- Develop the critical thinking skills in the trainee.
- The generation proof Adaptive Feedback Model.
- A growth mindset, cognitive coaching strategy for developing insight and sensemaking.
- To use failure and mistakes as method to create new knowledge.
- Decision making skills addressing de-escalation, implicit bias and procedural justice.
- Addressing the learning and motivational needs of the Gen Z trainee.
